

### **Emma Roque '17**

I grew up in Sault Ste. Marie and then attended LSSU from 2014-2017. I graduated with a Finance and Economics Degree from the Lukenda School of Business. I really enjoyed my time at Lake State and especially being in the School of Business. I was very involved with Enactus and worked in the School of Business Office for two years. I learned so much from all of the professors and gained a lot of experience through my Marketing Internships.

After graduating, I spent some time in Vancouver, BC working as a Marketing Intern for the Vancouver Canucks hockey team. I am now working in Grand Rapids, Michigan as a Relationship Manager at HNI Risk Services. We are a local Insurance Broker that works with companies across the Midwest to help companies implement strategies and solutions to cut insurance costs and reduce dependency on insurance. Some areas we specialize in Transportation/Trucking, Manufacturing and Construction. I'd love to connect with other alumni in West Michigan, so feel free to connect with me anytime at [eroque@hni.com](mailto:eroque@hni.com).
